Scotland's Housing Festival 2019

Scotland's Housing Festival will return to the SECC in Glasgow in 2019.

The biggest housing event in Scotland returns with a range of new and exciting opportunities for those with products and services aimed at the housing sector in Scotland. We have a new floorplan and revised packages to offer more choice and value than ever. This event is not to be missed as there is simply nothing else in the country that attracts as many key influencers and decision makers under the same roof at the same time.

The 2018 event saw over 1,000 people attend across the two day event, with housing associations, local authorities, government, housing charities and private sector in attendance. They had the opportunity to network with over 70 exhibitors and sponsors, who were showcasing products and services that cover every aspect of housing.
