

Webinar

System requirement for attendees

You can easily attend a session from anywhere, anytime using a compatible computer or mobile device.

Join by downloading on Windows or Mac

To get the most out of GoToWebinar, you can download and install the full-featured desktop software on your Windows and Mac computer. [Learn more.](#)

You can also check your [system's compatibility automatically](#) when you receive your registration link.

Operating system	Windows 7 - Windows 10 Mac OS X 10.9 (Mavericks) - 10.13 (High Sierra)
Internet connection	1 Mbps or better (broadband recommended)
Software	GoToWebinar desktop app JavaScript enabled
Hardware	2GB or more of RAM Microphone and speakers (USB headset recommended**) if unmuted during the session

Your webinar joining link which contains the download information will be provided after you register for the webinar.

Join from a web browser (no download required)

If your system doesn't meet the requirements for installing the desktop app, you'll be prompted to join the webinar entirely within your web browser instead. [Learn more.](#)

Operating system	Windows Vista or earlier Mac OS X 10.8 (Mountain Lion) or earlier Linux or Ubuntu Google Chrome OS
Web browser	Google Chrome (most recent 2 versions) Mozilla Firefox (most recent 2 versions; Linux only)
Internet connection	1 Mbps or better (broadband recommended) 3G connection or better (WiFi recommended for VoIP audio) for Chromebooks
Software	None
Hardware	Microphone and speakers (headset recommended**) Note: You will only need this if unmuted during the session

** Note: Most devices have built-in speakers, but you will get much better audio quality while using VoIP if you use a headset. You can also use your phone to [dial in](#) to the audio connection.
