Integrating Housing, Social Care and Health Services

Linda McGowan, Services Director
Horton Housing Association

13th May 2105
• Integrating housing, social care and health
• Two models of service delivery “PATHWAY” and “BRICSS”
• How partnership and innovation has attracted funding
• Tangible outcomes for clients
• Savings to the NHS
PATHWAY

- Hospital based multi-disciplinary assessment and referral team
- Funded by department of health specific special funding
- Complemented by funding from HHA
- Business case submitted to Bradford city ccg for extension to march 2015
**PATHWAY**
- Hospital-based
- GP, Nurse Practitioner, Senior Housing Worker

**BRICSS**
- Pathway Team referrals
- 14 wheelchair accessible self-contained units
- On site health, housing and support services

**Street medical team**
- Improved access to health care
- Improved health and general well being
Incentive - Health and Social Care Act 2012

Requires Clinical Commissioning Groups and Public Health to:

- Reduce inequalities in respect of access
- Reduce inequalities in respect of outcomes
- Ensure health services are integrated
- Integrate health with health related or social care services including housing, fuel poverty, debt, education, employment
WHAT HAVE HEALTH PARTNERS LEARNT?

- Value of integrated working
- Pooled resources = efficiencies and savings
- Partnerships create opportunities for joint bidding
- Third sector organisations – responsive and flexible
- Shared knowledge and expertise – higher quality services and outcomes
WHAT HAVE WE LEARNT?

Bevan Healthcare and Horton Housing Association relationship:

- Reciprocal referrals

- Health and social care needs interlinked

- Integrated staff team = improved communications

- Flexible partnership = improved patient outcomes

- Governance structure = strategic decision makers
SUMMING UP AND KEY MESSAGES

• Clear business case

• Firm offer

• Commissioning priorities and timescales

• Monitoring and evaluation

• Efficiencies and cash savings

• Reduction in health inequalities
What client’s tell us

- Its saved my life!
- I have changed my opinion of services
- There should be more of this kind of thing
- The level of care from staff is outstanding
- I have my own space in which to recover
