- Notes:
1. Figures have been rounded to the nearest percentage point and may not sum precisely. Figures for other years can be found in earlier editions of the *Review*.
  2. Lower response rates in 2020/21 and 2021/22 and changes in the composition of respondents following methodological and operational changes to the Family Resources Survey necessitated by Covid-19 mean statistics for 2020/21 and 2021/22 in previous editions are subject to more uncertainty than other years and should be treated with caution.
  3. Private rented sector includes all cases where the property is rented from a private landlord, including those on a rent-free basis and those who part-own, part-rent, other than shared ownership, which is included under buying with a mortgage.
