CIH mentoring programme

Mentor profile

David Moreland	
Current job title:	Chief executive
Profile:	I have a mixed bag of housing sector experience and have worked at a HAT, MBC, LSVT, BME and general manager of a small HA. I have strong tenant involvement and community development experience and have pioneered the Best Value service review and continuous improvement process, working closely with Housemark as a member. I have reviewed and written a range of policies, procedures and strategies and have presented at regional and national conferences. I have an MBA and leadership certificate as part of the academy for sustainable communities pilot raising your game programme. I have previously mentored on the PEP tenant worker programme. I have built up an understanding of the career path/specializations I have selected by taking the service areas apart, comparing them with best practice in the pursuit of continuous improvement.
