Sources: MHCLG (and its predecessors) Housing Strategy Statistical Annex (HSSA), Local Authority housing Statistics (LAHS), Social Housing Lettings in England and Live Table 601.

- Notes:
1. Percentages to 1987/88 are for secure lettings to homeless households only. From 1988/89 they are based on secure and non-secure lettings to reflect the increasing numbers of non-secure lettings made. In 2003/4 some 61 percent of all lettings to new tenants were non-secure in spite of the exclusion of non-secure lettings to homeless households in that year.
 2. Figures refer to both social rent and Affordable Rent general needs lettings and exclude lettings to internal transfers prior to 2009/10 and transfers from other social landlords from 2010/11 onwards. The definition of supported housing changed in 2004/05, reducing the number of lettings defined as general needs.
 3. With the introduction of the Homelessness Reduction Act from April 2018, those granted prevention or relief duties have been included in the statutory homeless category. Some of those rehoused as statutory homeless will have previously held a social tenancy.
 4. From 2011/12 the percentage figures are based on lettings to new social tenants identifiable in CORE.
 5. CORE lettings data for local authorities are far less comprehensive than HSSA and the more recent LAHS. MHCLG weight national but not local authority level data to allow for this. The regional figures are therefore intended to illustrate trends rather than provide precise numbers. The figures in Table 99a should be quoted if referring to England.
 6. Following changes in data collection and reporting, it has not been possible to update this table since 2018/19.
