- Notes:
1. All tenants whose home goes with the job of someone in the household, plus squatters, are allocated to 'rented privately'. 'Unfurnished' includes households that rent partly furnished.
 2. 'In process of buying' includes shared-equity and shared-ownership buyers.
 3. Data for CD player, satellite receiver, washing machine, tumble drier, dishwasher and microwaves are no longer collected. Figures for previous years can be found in previous versions of this table.
 4. Figures within parentheses [] are based on less than 20 responses and should be treated with extra caution.
 5. Households that own a landline/mobile/internet connection is based on those who say they spend on these services whereas prior to 2019/20 respondents were asked if they owned these goods.
 6. Car-ownership was the only consumer durable that ONS published results for in 2023/24. The other figures relate to 2021/22.
