

Time to deliver the right homes in the right places

Commit the right level of funding

- Increase the level of future grant funding to support the demand and ensure it is nationally and regionally prioritised effectively to meet social housing need and takes into account any cost implications of new housing standards.

Deliver the right homes in the right places

- Align services to meet local housing demand, utilising good quality local knowledge and statistics.
- Implement clear and appropriate LHMA's to understand current demands and link with LDPs.
- Ensure LA's enforce a consistent and firm approach to 106 schemes in increase social housing.

Commit to investment to bring empty properties back into use

- Increase revenue and capital funding to deliver and improve the empty homes services in line with 2019 Empty Properties Report

Enable the right support services to end rough sleeping

- Increase resources in both revenue and capital terms with long term commitment made to funding levels to allow services to plan for the future
- Ensure enhanced support services and available to those who require them in pre tenancy engagement and sustainability.
